*P. S.* Without mentioning the official documents printed by the government of the U. S., which have become very rare by the destruction of the public buildings in Washington; we may cite among the most remarkable works those which are designated by their corresponding numbers (See note A.)

We have added to this Collection some volumes relating to St.-Domingo, Cayenne and some parts of South America, as their history and productions will be found very useful in explaining those of the southern parts of the U. S.

We have placed within a parenthesis the names of the authors of anonymous works (See note B.)

For those of french authors, translators and editors, we owe an acknowledgement to Mr. Barbier, the Kings' librarian, who was pleased to revise them after we had availed ourselves of his very useful work: « Diction. des ouvrages anonymes et pseudonymes, etc. ». 4 vol. in-8°. , 1806.

In spite of every attempt, we have not been able to procure the names of the authors of several works (1).

The reader will find in this Catalogue some omissions concerning the size, or form of the volume, and the number of plates, which are supplied in the subjoined note (See note C.).

The whole number of volumes, tracts, maps and plates will be seen in note D; the errata in note E.

By mistake in transcribing the same book is mentioned twice, n°. 36 et 60.

Sans parler des pièces officielles imprimées par le gouvernement, qui sont devenues très-rares par l'incendie des édifices publics de Washington, on peut citer les ouvrages désignés sous les numéros correspondans, comme étant des plus remarquables. (Voir la note A.)

Nous avons ajouté à cette Collection quelques volumes relatifs à Saint-Domingue, Cayenne et à d'autres parties de l'Amérique du sud, dont l'histoire et les productions pourront servir à faire connaître celles des parties méridionales de l'Amérique du nord.

Nous avons placé entre deux parenthèses les noms des auteurs d'ouvrages anonymes; ceux des auteurs, traducteurs et éditeurs français ont été vérifiés par M. Barbier, bibliothécaire du Roi, après que nous eûmes profité de son excellent ouvrage. (Voir la note B.)

Nous n'avons pu, malgré nos recherches, réussir à découvrir les noms de quelques auteurs (1).

Le lecteur s'apercevra qu'on a omis de désigner le format et le nombre de planches de quelques ouvrages, mais nous y suppléons par la note ci-jointe. (Voir la note C.)

Le nombre total des volumes, brochures et planches, est indiqué dans la note D.

On trouvera l'*Errata* à la note E.

On a répété deux fois le même ouvrage par méprise, n<sup>os</sup>. 36 et 60.
